WHAT TO BRING ON PETWORTH PARK PHOTO WALKS:

- You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery is recommended.
- **You will need a zoom lens – 200mm plus lens or 10X compact zoom above for the walks (300mm for full frame cameras).**
- **Please do bring a tripod** (full height) if you have one and don't forget the **tripod mount**.
- You will need your fully-detailed camera instruction manual.
- Memory card - it is essential that you start the day with an empty, preferably newly formatted, memory card. Bring a few spare memory cards if possible. You are likely to take more photos than you think!
- Neutral Density filters (if you have them – a few loan filters are available).
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- Dress in warm, **comfortable clothing for outdoor sessions**. A waterproof/ windproof top will be useful.

Wear clothes that can get dirty if you lie on grass – dark jeans, or combats are best.

- **You are advised not to wear shorts and/or sandals in case of brambles, nettles and tics.**
- Comfortable but strong footwear is advised for photographing outdoors, please bring knee pads or dustbin liners to provide good protection for kneeling.
- It is advisable not to wear brightly colored clothes, as these can frighten the deer.
