WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS & PHOTO WALKS:

- You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery if you have one.
- Please bring your FULL (not basic) camera/lens/flash manual if you have a print copy or download PDF.
- Memory card - it is essential that you start the day with an empty, newly formatted, memory card. We will use card readers to transfer your images, but please also please bring your camera to computer data cable too.
- Please set your camera to shoot in jpeg & RAW.
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- Bring a tripod if you have one (essential for Close-up & Macro workshops and Water & Movement workshops - if you don't have one, please get in touch as we have loan tripods, free of charge).
- Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable but strong footwear is advised for photographing outdoors.
- In addition, it can be quite muddy while out taking photographs, so for the sake of the venue's staff, please bring a change of shoes.

If you have any concerns or queries, please contact Andy Lowe at andy-low@goingdigital.co.uk or phone 07979 273683. You will receive final joining instructions prior to your workshop.
