WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS & PHOTO WALKS:

- You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery is recommended.
- Memory card (several if it is a wildlife session) – it is essential that you start the day with an empty, preferably newly formatted, memory card.
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- Bring a tripod (full height) if you have one (essential for landscape, Kingfisher hide, Low-Light & Fill-In Flash, Water & Movement workshops and evening photo walks).
- Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable but strong footwear is advised for photographing outdoors, plus a garden kneeler or similar for getting low for some photos.
- In addition, it can be quite muddy while out taking photographs, so for the sake of the venue's staff, please bring a pair of trainers or indoor boots or shoes.
- A bean bag if doing the Mixed wildlife hide session.
- **For Macro workshops** where we go into Tropical world please note that it is very warm and humid so dress appropriately and also bring a lens cloth as your lens will steam up initially until it adjusts.
