WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS & PHOTO WALKS:

- You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery is recommended.
- You will need your fully-detailed camera instruction manual (it's worth checking your manual – sometimes the printed one you receive only contains basic facts and there's a fully detailed manual on the CD that came with the camera, in which case bring the CD too). If you bring SLR lenses, a hot-shoe mounted flash or other accessories, please bring the instruction manual too.
- Memory card – it is essential that you start the day with an empty, preferably newly formatted, memory card. We will use card readers to transfer your images to our computers, but in the event that we are not able to do this successfully, please bring your camera to computer data cable too.
- Please bring a pen for making notes.
- For SLR users, please don't set your camera to shoot RAW images, as they will make downloading too slow.
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- Bring a tripod (full height) if you have one (essential for landscape, Low-Light & Fill-In Flash and Water & Movement workshops).
- Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable but strong footwear is advised for photographing outdoors, plus a garden kneeler or similar for getting low for some photos.
- In addition, it can be quite muddy while out taking photographs, so for the sake of the venue's staff, please bring a pair of trainers or indoor boots or shoes.
- If you are using one of our loan cameras and would like a copy of your photos please bring a USB stick with you on the day.

Covid 19 Precautions

- If you or anyone in your household / support bubble have had any symptoms within the last 14 days you will not be able to take part in the workshop.
- If you live in a area that is currently in lockdown you will not be able to attend as we have a duty of care to other students who may have concerns or vulnerable relatives, so please contact us so we can make other arrangements for you to attend a future date.
- Please make sure you adhere to a high level of personal hygiene during your visit. Antibacterial gel is provided so please use this on arrival and before departure and during the session as required.

PHOTOGRAPHY WORKSHOPS

- We will be adhering to 2m social distancing as much as possible during the session, please be mindful of this at all times.
- Please bring a face covering or mask with you for the indoor session (a decision on the day will be made if we need to wear these).

EDITING WORKSHOPS

- Bring a laptop with the appropriate software installed depending on the workshop you are booked on. Contact Pandora 07802 454637 if you are unsure.
- Also bring a few Raw images along for you to edit (we can supply images if you don't have any)
