WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS:

You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery if you have one.

Please bring your camera manual if you have a print copy. If you bring DSLR lenses, a hot-shoe mounted flash or other accessories, please bring the instruction manual too.

Memory card - it is preferable that you start the day with an empty memory card. We will use card readers to transfer your images to our computers

A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.

A tripod is only necessary for Close-up & Macro workshops and Landscape workshops - if you don't have one please get in touch as we have loan tripods, free of charge).

Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable but strong footwear is advised for photographing outdoors.

In addition, it can be quite muddy while out taking photographs, so for the sake of the venue's staff, please bring a change of shoes.
