WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS:

- You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery is recommended.
- It is useful to bring your camera instruction manual if you have one. If you bring SLR lenses, a hot-shoe mounted flash or other accessories, please bring the instruction manual too.
- Memory card - it is essential that you start the day with an empty, preferably newly formatted, memory card.
- A full set of PDF course notes will be emailed to you after the course so you may like to bring a pen and paper to make a note or two of your own.
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and rubber band make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- A tripod (full height) if you have one is essential for landscape, Low-Light & Fill-In Flash and Water & Movement workshops). You do not need a tripod for our Introduction to Photography – Get off Auto workshop.
- Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable but strong footwear is advised for photographing outdoors, plus a garden kneeler or similar for getting low for some photos. If it is very muddy bring boots.
