## WHAT TO BRING ON PHOTOGRAPHY WORKSHOPS & PHOTO WALKS:

- You will need your camera. Ensure it has fresh/fully charged batteries and a spare battery if you have one.
- Please bring your camera manual if you have a print copy. If you bring DSLR lenses, a hot-shoe mounted flash or other accessories, please bring the instruction manual too.
- Memory card - it is essential that you start the day with an empty, preferably newly formatted, memory card. It is also recommended to bring a spare memory card should you develop technical difficulties with one.
- A camera bag is useful for protecting your camera and equipment when outdoors, and a transparent plastic bag and some sticky tape make a good, temporary waterproof cover for your camera and an umbrella will protect your equipment and you in wet weather.
- Please feel free to bring a tripod, however the nature of this experience will involve a lot of movement and you may therefore find a tripod restrictive.
- Dress in warm, comfortable clothing for outdoor sessions. A waterproof/ windproof top will be useful. Comfortable shoes are recommended.
- Bring a packed lunch. Whilst there is a cafe for hot drinks and snacks, this is a full day experience and you will want to have a decent meal at the lunch break.
